Commissioner for Patents

In the IDS filed 7/6/2004, Applicant indicated the knowledge of an earlier filed U.S. Patent to Isono. The document number listed on the IDS was missing a zero, and Examiner did not consider the reference at that time. However, during the course of prosecution, Examiner did realize that the document number was simply missing a zero, and did recognize that document as a prior art reference. Therefore, US 2003/0001931 A1 to Isono has been considered by Examiner.
